

University of La Verne

April 29, 2022

To the Marymount California Community:

The University of La Verne, a private not-for-profit university located in La Verne, California, about 35 miles east of Los Angeles, is honored to provide specific benefits to students considering transfer from Marymount California:

1. We will guarantee your admission and expedite the application process

Marymount California undergraduate and MBA students in good academic standing will be guaranteed admission, subject to the policies in our Catalog. Students will submit an application and provide transcripts, and La Verne will waive the application fee, the personal statement, and letter of recommendation.

2. We will match your Marymount California scholarship

We will honor your current scholarship package, ensuring you do not face a cost burden to transfer.

3. We will guarantee housing in our residence halls

Any Marymount California student who applies to live in our residence halls will be guaranteed a placement through June 15, and will be offered housing on a space-available basis after.

4. We will accept your transfer credit and provide a path for you to graduate on time

In addition to having more than 50 majors to choose from, La Verne offers students the ability to create their own degree path and will offer 1:1 advising support.
