

**TRANSFER & ARTICULATION
MARYMOUNT CALIFORNIA
UNIVERSITY
2022-2023**

In light of the August 2022 closure of Marymount California University, Antioch University will offer an exception to [university policy 5.611](#) regarding maximum limits on transfer credit. Antioch's MBA faculty will review MCU MBA students to ensure they meet admission standards. If admission is offered, Antioch will accept all transfer-eligible MCU credit. In all cases:

- students will be required to complete at least one course at Antioch, regardless of total amount of credit earned at MCU
- students will be exempted from Antioch's residency requirement
- course-by-course transfer credit evaluation will document the applicability of MCU credit to Antioch MBA program learning outcomes
- all other transfer credit policies remain applicable: students must provide an official transcript to request transfer credit, and no courses will be accepted for transfer in which a student earned a B- or lower

This exception will remain in place for a period of three years (through the admission cycle for Summer 2026). Starting with applications for Fall 2026 and beyond, all normal university policy will apply to students wishing to transfer in with MCU credit.

The following items are required for streamlined acceptance to Antioch University MBA Program:

- Completed Admissions Application – no fee
- Official Transcript Marymount California University – Unofficial transcript will be used for program mapping
- Completion of New Student Orientation course – online

MCU students should contact Dr. Ken Baker, Chair MBA Program, for curricular and admissions questions.
