

To the students of Marymount California University:

Westmont College was saddened to hear of the imminent closing of Marymount California University. You have undoubtedly loved MCU — its place, its programs and, most of all, its people. Although the circumstances are unfortunate, we invite you to consider Westmont College, a premier Christian liberal arts college overlooking Santa Barbara and the Pacific Ocean, to complete your degree.

Students transferring from MCU will receive

- **A Streamlined Application Process.** Most students can be evaluated for admission with just an { [HYPERLINK "https://application.westmont.edu/"](https://application.westmont.edu/) } and an official transcript. We'll waive the academic recommendation, and applying to Westmont is always free.
- **Guaranteed Admission.** MCU students in good academic standing and a minimum 2.5 GPA will be automatically admitted. Students with lower GPAs may still be admitted.
- **Transfer Scholarship Up To \$20,000.** Students with qualifying GPAs will automatically receive between \$12,000 and \$20,000 in academic scholarship. Additional need-based aid is available, pending the status of your FAFSA.
- **Guaranteed Housing.** Westmont is a fully-residential, close-knit community where 95 percent of our students live on campus. We'll have a spot for you.
- **Expedited Transcript Evaluation.** Westmont's registrar will evaluate your current transcript to assess your current class standing. Once here, you'll get the classes you need, when you need them, so you can graduate on time.

Each of our 40+ undergraduate programs is open to MCU transfers, and our staff is ready and equipped to help you find a new college home to complete your degree.

If you have questions, please don't hesitate to contact us.

Yours,

**Mike McKinniss**  
Sr. Director of Admissions
