

## University of San Francisco

### San Francisco, CA

Marymount California University Students,

As a fellow Catholic institution, the University of San Francisco is prepared to support all interested undergraduate MCU students in continuing their education at USF in fall 2022. We are saddened by MCU's closure, but we stand in steadfast solidarity with you in achieving your educational goals.

#### **ABOUT USF**

The University of San Francisco, located on a 55-acre residential campus in the heart of San Francisco, is a mid-size Jesuit Catholic liberal arts university of 5,566 undergraduate students. The most ethnically diverse college in the United States, USF engages students from a variety of cultural, racial, socioeconomic, geographic, and gender identity backgrounds with our emphasis on *cura personalis* - care for the whole person.

With no impacted academic programs across our [School of Management](#) and [College of Arts and Sciences](#), intimate classes (avg. 22 students), and strong [outcomes](#) - 70% of students completing two internships prior to graduation - we welcome you to change the world from here.

#### **BENEFITS FOR MCU UNDERGRADUATE STUDENTS**

To ease your transition, USF offers the following benefits to MCU students:

- **Guaranteed Admission:** If you have at least 24 semester units, a 2.5+ cumulative GPA, and are in Good Standing, we will guarantee you admission to USF for any major with the exception of nursing or engineering.
- **Application Fee Waiver:** In our application, select "USF Dons Fee Waiver" under "USF-specific fee waiver" to waive the standard \$70 fee.
- **Merit Scholarships:** Admitted undergraduates with a college GPA of 2.90+ will automatically receive a scholarship up to \$16,000 per year.
- **Need-Based Aid:** All students who submit a FAFSA or CA Dream Act will receive full consideration for need-based financial aid.
- **Guaranteed Housing:** We'll guarantee one-year of on-campus housing to admitted MCU students.
- **Degree Evaluation:** Upon admission, you'll simultaneously receive a full transfer credit evaluation.
